

Don't Replace 400W Metal Halide Lamps ... **Change the fixture!**

Convert Any ShoeBox Style Light to LED Simple & Fast!

✓ **Replace 400W metal halide with a 40LED KAD-LED and save **save 70% in energy costs!****

✓ **Save **6 Lamp Changes****
(what's the labor cost to change a lamp?)

Every KAD-LED fixture Mayer stocks comes with a Universal Mounting Bracket, which allows the KAD-LED luminaire to mount to virtually any existing drill-hole pattern on both square and round poles and regardless of the make or brand of existing pole or fixture!

Compare:

	400 W Metal Halide	KAD-LED (40 LEDs)	SAVINGS
Input Watts	460W	140W	320W (70%)
Expected Hours Life	15,000	100,000+	6+Lamp Changes
Annual kWh (4,380 annual night-time hrs.)	2,014	613	1,401 kWh
Annual Energy Savings / fixture (@ \$0.10 per kWh)	\$201.48	\$61.32	\$140.16

Plus ... you'll get more light on-target with superior uniformity.

- Greater coverage – distribution patterns are 14% wider and 20% farther
- The elimination of hot spots creates greater uniformity
- Less wasted backlight – light is directed where needed

Bronze finish, Multi-Volt - 120-277v

With 9" arm & universal mounting adaptor

LIT-KADL40C40KR3	40 LEDs Type 3 Distribution	\$600
