

Get Power, Data, & A/V Wiring Where You Need It

Over-the-Floor Raceway

Today's open office areas and wired conference room tables mean getting power and data circuits in the right spots is more critical than ever. Mayer stocks a variety of over-the-floor raceway solutions, but we're pleased to introduce you to the lowest, sleekest ADA (Americans with Disabilities Act) profile available.

It has some great features & benefits:

- Provides four channels for multiple combinations of power, communications and A/V in one, easy to install system
- Works well in both permanent and temporary applications - lower and safer than old-style rubber over the floor raceway
- Mounts directly to the floor covering, whether it's wood, tile, carpet, etc.
- Comes in 8' lengths
- Fittings available for transitions from wall or underfloor access
- Works well in numerous applications:
 - Offices
 - Conference Rooms
 - Fitness Centers
 - University Lecture Halls & Classrooms
 - Hallways

Cat. # WRM-OFRC8 (1 = 8' Length)

\$33.70 / ft
