OUTDOOR GROUND BOX

GROUND BREAK-

OUTDOOR POWER SOLUTIONS

Legrand's Outdoor Ground Box delivers safe, permanent power to any outdoor space. The durable in-ground box has been tested to ensure safe operation in any weather condition- all year round. Perfect for commercial settings, the Outdoor Ground Box conveniently provides power, communications, and A/V while seamlessly blending into any landscape.

FEATURES & BENEFITS

Safe & Secure

- Tested and listed by Underwriters Laboratories, Inc. for use in all weather conditions – all year long
- The innovative “diving bell” design is NEMA 6P & IP68 rated to trap and maintain an air pocket, keeping connection points safely away from wet weather
- Lockable security cover prevents unauthorized access
- Smart egress door auto-adjusts to the size of cables and locks in the closed position when not in use

Versatile & Durable

- Its ANSI/SCTE 77 Tier 5 rating means it can hold up to a 5,000 pound load, so groundskeeping tractors and mowers are no problem
- Flexibly meeting the needs of any outdoor space, the unique, modular interlocking design allows multiple boxes to be ganged together in one installation
- Constructed with UV and chemical-resistant materials to enhance durability
- Available in three natural finishes – black, brown, and gray
- Installs flush with the ground to reduce trip hazards and seamlessly blend into a variety of outdoor surfaces such as mulch, grass, concrete, pavers and more

Its NEMA 6P & IP68 Rated “diving bell” design traps and maintains an air pocket, keeping connection points safely away from wet weather.
