## Rare Earth Magnetic Tip and Hollow Shaft Design... Performance For Professionals

Introducing new cushion-grip nut drivers from Klein Tools that combine the power of rare earth magnetic tips and the convenience of a hollow shaft design. Available in 1/4" and 5/16" hex sizes and a variety of shaft lengths (from a 1-1/2" stubby to an 18" super long), Klein's rare earth magnetic tip nut drivers securely hold fasteners in place for one-handed operation and easily drive nuts on long bolt applications, as well as many electrical and HVAC/R panels.

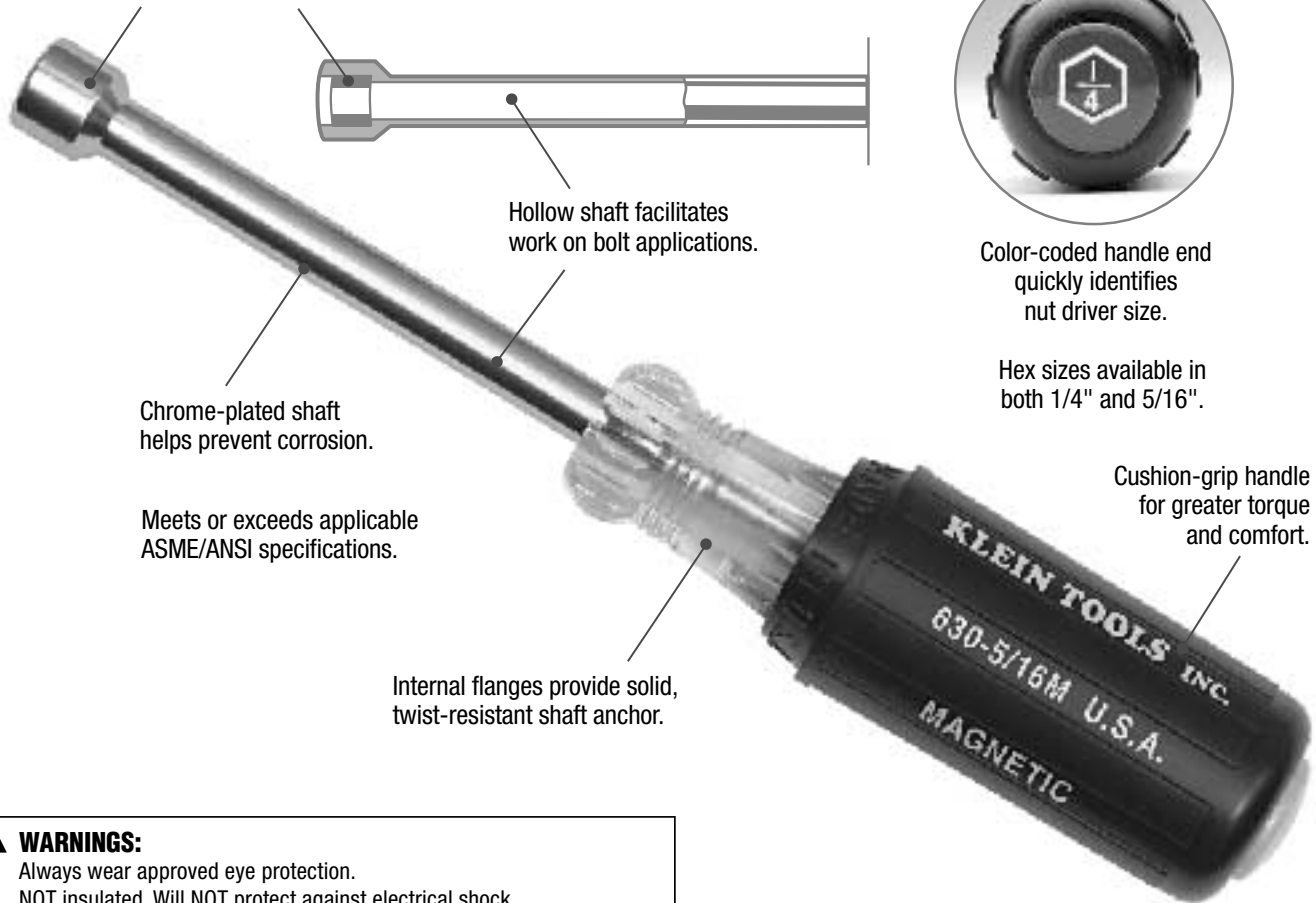

### Features

Patent pending hollow shaft design with Rare Earth magnetic tip.

Color-coded handle end quickly identifies nut driver size.

Hex sizes available in both 1/4" and 5/16".

Hollow shaft facilitates work on bolt applications.

Chrome-plated shaft helps prevent corrosion.

Meets or exceeds applicable ASME/ANSI specifications.

Internal flanges provide solid, twist-resistant shaft anchor.

Cushion-grip handle for greater torque and comfort.

### ⚠ WARNINGS:

- Always wear approved eye protection.
- NOT insulated. Will NOT protect against electrical shock.
